Qtowels®

The advanced paper towel system for the professional environment.

The Sanitor Qtowel System is making life cleaner and easier for healthcare workers everywhere. The heart of the system is our revolutionary, single-sheet Qtowel. It's so absorbent, it takes just one to dry your hands.

Qtowels hang inside our innovative, low-profile dispenser. Push the lever on the dispenser, and get a single Qtowel. Straight, crisp and unfolded. Every time.

Easy to load and guaranteed to last a lifetime, the dispenser comes in five designer colors. Its lever contains an antimicrobial that inhibits the growth of bacteria. Best of all, it's absolutely free.

With our optional Hassle-free Ordering Program, we'll set up an automatic delivery schedule based on how many Qtowels you use. And you'll never run out of paper towels again. Qtowels are even easy to store, thanks to our compact case design.

Order a free dispenser in your favorite color and an initial shipment of Qtowels today. You'll have both in your hands tomorrow. Before you know it, you'll be putting the Qtowel System to work for your office.

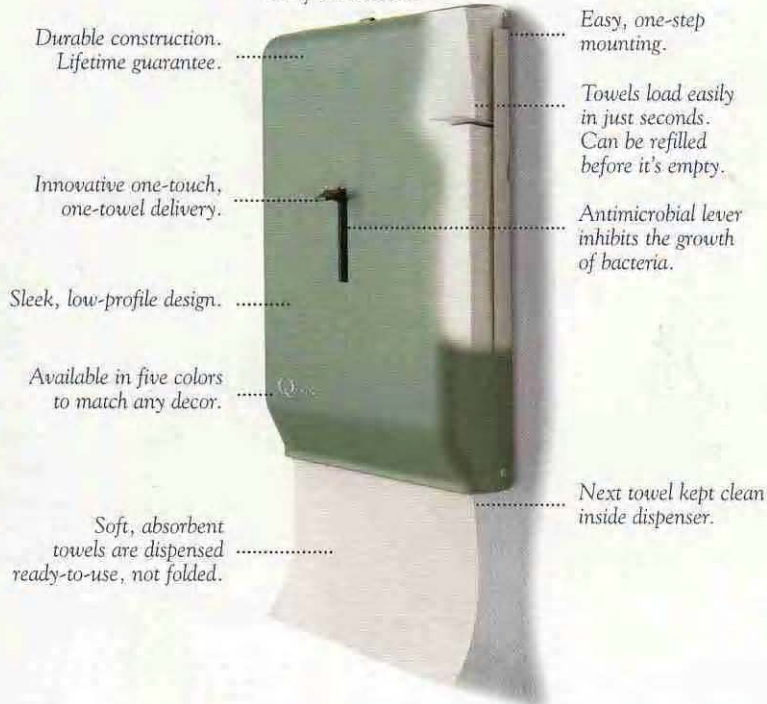

Specifications

Qtowel Item #1500: Order Qtowels by the case. Each case contains 1500 9-inch by 12-inch, flat, white Qtowels. The price: just \$22.50 per case or \$20.50 per case for orders of four cases or more.

Qtowel Dispenser #1510: The Qtowel dispenser is yours, free of charge. You may order a maximum of two free dispensers per case of Qtowels. Choose from any of our five designer colors.

Made from durable, high-impact plastic, the Qtowel dispenser is guaranteed to last a lifetime; if any part of a Qtowel dispenser breaks at any time, Sanitor will replace the dispenser for free. For complete details on this guarantee, please call us at 1-800-379-5314 today.
